A breathtaking Baroque banquet to celebrate 20 years of music making!

- A delightful and surprising program of Baroque favorites, interpreted by Petri/Hannibal Duo.
- Recorded in state-of-the-art Super Audio Sound!

The Petri/Hannibal duo first appeared on stage in the winter of 1991, and performed their first full concert in the summer of 1992 at the Monastery La Cartuja de la Sierra in Andalusia, Spain. Since then, they have appeared in concert halls and festivals around the world, giving nearly 1500 concerts in programs of music from the late renaissance and early baroque, the classical and romantic periods, to contemporary works written especially for them. Together, they have released five CDs including Kreisler Inspirations (2001) which received the prestigious Deutscher Schallplattenpreis. In 2006, the duo formed **OUR Recordings**, to present the continuing musical adventures of two most imaginative musicians. In celebration of their 20th anniversary, the duo has newly recorded a program of their most popular Baroque repertoire as a very special gift to the audience, their friends and fans around the world!

"It also goes without saying that Michala Petri has no peer today as a master of her instrument, and she wrings more color and expressive intensity from the recorder than you ever believed possible"

David Hurwitz, ClassicsToday.com

"...it's to the credit of the considerable musicianship of this amiable duo, who even the most tired compositional device commands attention" William Yeoman, Gramophone
